

# Adding the Login Site as a Trusted Site

Last Modified on 01/15/2016 4:52 pm EST

## Adding the Login Site as a trusted site

Before you log into Hosted Desktop for the first time, you will need to add the Hosted Desktop Login site as a trusted site.

It is important that you do this as it offers you additional benefits such as being able to log back into disconnected sessions rather than opening a new session and potentially losing any work you had open when you were disconnected.

---

To add the web interface as a trusted site, follow these steps:

1. Open Internet Explorer.
  2. Go to **Tools** and select **Internet Options**.
  3. Open the **Security** tab and select **Trusted Sites**.
  4. Click on the **Sites** button.
  5. In the URL field, type in **https://login.cobwebdesktop.com** and click **Add**.
  6. Click **Close**.
  7. Click **OK** to close the Internet Options window.
  8. Restart Internet Explorer.
